

# Rafael Silva - Front-end Developer/Web Designer

Well-organized Front-End developer with strong analytical sense, attention to detail, strong work ethic and passion for learning and collaboration in fast-paced, changing environments. Worked through several full-length WordPress, Full-Stack, and Design bootcamps and project-based online courses accumulating 100s of hours of learning and earning certifications. Eager to join a team, problem-solve, and deliver amazing results.
